

SURVEY, QUALITY & STANDARDS BRANCH
DIVISION OF MEDICAID & STATE OPERATIONS
REGIONAL INFORMATION LETTER

Region VIII
1600 Broadway, Suite 700
Denver, CO 80202-4967

RIL NO. 01-01

DATE: November 14, 2000

CODE: RE-3

TO: All State Survey Agency Directors

SUBJECT: Recertification of Accredited Providers -- ACTION

DUE DATE: Immediate Implementation

Section 2022.B of the State Operations Manual (SOM) contains the requirement that State Survey Agencies recertify the compliance of accredited hospitals on a schedule consistent with the accreditation interval. This accreditation interval may be up to three years. The SOM goes on to list the required documents to be completed and included in a certification packet for the Regional Office (SOM Exhibit 63).

In 1982 (Regional Information Letter 82-05A), this Regional Office waived the requirement that the recertification kits be sent to the Regional Office; however, the requirement that the recertification be completed and the OSCAR/ODIE system updated was not waived. We have determined that this policy has resulted in outdated and inaccurate information in the OSCAR/ODIE system. The enclosed data tables from the OSCAR/ODIE system indicate that the majority of accredited hospitals in this region do not have accurate, current accreditation information in the system.

Therefore, effective immediately, we are implementing the requirement stated in Section 2022.B of the SOM that recertification packets for accredited hospitals are to be sent to the Regional Office.

Prior to the accreditation expiration date for each accredited hospital, the State Survey Agency should send the following documents to the hospital, with instructions that they must be completed, signed, and returned to the State Survey Agency immediately following the hospital's accreditation survey:

Request to Establish Eligibility – HCFA-1514

Ownership & Control Interest Disclosure Statement – HCFA-1513

The State Survey Agency should track the forms to ensure that all hospitals return them in a timely manner. When the forms are received, the HCFA-1513 should be compared to the previous HCFA-1513 on file to determine if a change of ownership (CHOW) has taken place that has not been reported. If this is the case, CHOW paperwork should be forwarded to the hospital with a reasonable due date for returning the necessary documents to process the CHOW.

The OSCAR/ODIE system should be updated with the current information from the HCFA-1514, and a Certification & Transmittal (C&T) – HCFA-1539 – should be generated. The HCFA-1539 should indicate in the “remarks” section that the C&T is transmitting an accredited hospital recertification, and should also indicate that the OSCAR/ODIE system has been updated. Please also indicate if a CHOW package was forwarded to the hospital as a result of the recertification process.

The HCFA-1539, HCFA-1513, and HCFA-1514 should then be forwarded to the Regional Office.

ALSO EFFECTIVE IMMEDIATELY, we are implementing a requirement that the above policy be followed for ALL accredited providers that are deemed to meet HCFA certification standards (HHAs, ASCs). Form HCFA-1513 and the appropriate Request to Establish Eligibility Form should be sent to the provider, and the completed forms (including the completed HCFA-1539) should then be forwarded to the Regional Office.

If you have any questions regarding this policy, please call your certification contact at this office.

/s/
